DETAILED ACTION

Claim 5 is allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach nor render obvious the claimed combination wherein the intermediate joint integrally connects proximal ends of a first and second toothed bar with a first nail formed on one surface of a first leg of the joint and a second nail formed on a surface of a second leg of the joint that is facing said one surface and the first and second nails are triangular in shape, and a sloping side of said first nail engages a sloping side of the second nail to cause a restoring force.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
